Sir,

LAND - Camping ground (South Kanara) Coondapur taluk - Voderhobli village - S.No.192/1 and 110 - Erosion - Making use for public purposes - execution of repairs - Sanction.

Ref: G.O.Ms.No.3271 Rev.Dept. dt.23.12.49.

The plots S.Nos.192/1 and 110 of Voderhobli village, Coondapur measuring 29-15 acres and 9-47 acres respectively stand registered as 'camping ground' in the revenue accounts. They constitute a maidan which is locally known as ~~ß~~ 'Nariben Maidan'. This maidan is used as a public resort and recreation ground by the people of Coondapur town. In some portions of this maidan galleys have formed and soil erosion has taken place on account of the flow of rain water channels over the area without well defined courses. A channel of about 10' and 20' wide is flowing in the middle of the maidan charrying large quantities of silt and depositing it on the cultivated lands in the lower reaches during the rainy season. The channel is stated to be widening year by year carrying more and more soil and causing damage to the maid

2. With a view to prevent further erosion and ~~preserve~~ preserve the maidan in a good condition ~~the ground~~ the Board was requested in this office Ref.B5.13080/48 dt.5.6.49 to make a provision of Rs.2000/- for carrying out some repairs. In G.O. Ms.No.3271 Rev.Department dt.23.12.49, the Government were pleased to sanction an expenditure of Rs.1950/- for the purpose but the work was not taken up for execution as the cost of the materials went high subsequent to the preparation of the estimate.

The proposal had therefore to be given up. The Panchayat Board has no funds to spend on this work.

3. It is now proposed to have a cheaper and some what effective method of repairs to the ground by putting up a series of pile driven checkdams along the course of the channel, as any other permanent measures will be a very costly scheme. Even though it may not be a permanent solution it will retard further erosion to a great extent. I inspected the land in question accompanie by the Executive Engineer (P.W.D.) S.Kanara. I feel that camping ground should be maintained in a fit condition an that it is worth spendingmoney for the purpose.

The Executive Engineer (P.W.D.) S.Kanara has proposed an estimate for Rs.3648/- (for) which is enclosed. I request that the Government may be pleased to sanction expenditure of Rs.3700/- for the repairs to the camping ground in S.Nos.192/1 and 110 of Vaderhobli village, Coondapur taluk as a special case.

Yours faithfully,

16/4

2. In G.O. MS. No. 3271 Rev. dated 23.12.49, the Govt. sanctioned the incurring of an [expenditure] of Rs. 1950/- for the execution of repairs to the Camping ground in S.No. 192/1 of Vederhobli village, Coondapur Taluk, South Kanara District. The Collector has now reported that the work was not taken for execution as the cost of the materials [increased] subsequent to the preparation of the estimate and that the proposal had to be given up as no contractor came forward to execute the work. For the reasons given in para 3 of his letter the Collector now considers that the execution of this work is necessary to prevent further erosion and damage to the camping ground [and has requested] the Govt. to sanction

the expenditure of a sum of Rs. 3700/- for the purpose, as a Special case. The Board of Revenue has supported the Collector's proposal. ~~Attention is invited to~~ ~~a M.E.
